

Inwood Early College is growing for the 2016 - 2017 school year!

We opened our doors in September 2014 with 87 awesome 9th graders, and a team of 7 terrific teachers! We have grown this year to include almost 200 students in 9th and 10th grades. As we continue to grow, we are seeking teachers in ***all content areas***.

See below for additional details:

What? *The Inwood Early College for Health & Information Technologies!*

An innovative school model that gives students up to six years to earn:

- **CTE** endorsed Regents high school diploma;
- **FREE** associate's degree, and
- **paid workplace training**

... positioning them to either go on to complete their bachelor's degree or to move directly into the world of work.

Why? *Be a part of a movement!*

... a movement to provide education and career opportunities that will transform the life trajectories of young people from underserved communities;

... a movement to fully integrate the high school, college, and work-based learning experiences in order to ensure student success in college, middle skill careers in growth industries, and beyond;

... a movement of like-minded partners from *CUNY-Guttman Community College, NY Presbyterian, Microsoft*, and the school community to change our own professional lives and the futures for our students.

Who? *Smart, caring, educators!*

... who believe that their job is to help kids get smarter- every period of every day;

... who have deep and joyous content knowledge;

... who really love kids and who can effectively manage groups of adolescents;

... who can give actionable feedback to kids and can translate feedback that they receive into improved teaching and learning;

... who have experience with and curiosity about the deep integration of technology in teaching and learning; and

... who are nimble and energetic with a strong work ethic, sense of humor, and compassion for others.

Where? *Inwood* in Northern Manhattan!

When? *In September 2016, welcoming our 3rd class of 85 tech-curious young people!*

How? *Visit our website at <http://www.inwoodearlycollege.org>, select "Join Our Team", and upload your resume, including 3 professional references, and cover letter.*

Convince us that you are a great match for our founding team of amazing staff and awesome legacy students; and then, we will arrange an in person conversation!

Preference will be given to *teachers with a proven track record of leading students to college readiness in...*

... Computer Science (or other Technology focused CTE license), Advanced Mathematics, Chemistry, Biology, US History, Special Education, and/or English.

Special Note: Highly effective teachers with ESL license and/or Bilingual Spanish extensions are especially encouraged to apply.
